Re: Beaver Creek Pad 4 – Loading Rack B Line 2024 Groundwater Monitoring Program 2024
Work Plan Addendum
ADEC Approval

Mr. Farris:

On July 16, 2024, the Alaska Department of Environmental Conservation, Contaminated Sites Program (ADEC), received the Groundwater Monitoring Program 2024 Work Plan Addendum for the Beaver Creek Pad 4 and the Beaver Creek Pad 4 Loading Rack Pad B Line sites. This document was prepared by Aleut Environmental. ADEC approves this work plan.

In future correspondence, please refer to both Beaver Creek Pad 4 sites, Beaver Creek Pad 4 (2320.38.007) and Beaver Creek Pad 4 – Loading Rack B Line (2320.38.081) if the work is to apply to the entire pad. If the work is to apply just to the Loading Rack B Line work (2320.38.081), the northern site, refer to that project by name and DEC project number.

If you have any questions on any aspect of the project, please contact me at (907) 262-3412, or by e-mail at peter.campbell@alaska.gov

Sincerely,

Peter Campbell
Environmental Program Specialist
