START DATE: Tuesday, January 12, 2016, 4:00pm

END DATE: Friday, April 1, 2016, 11:00pm

### **Septic System Installation Classes**

Did you know only a certified installer, registered engineer, or approved homeowners may install a septic system in the State of Alaska?

To help you become certified or approved, the Alaska Department of Environmental Conservation is providing training through the Mining and Petroleum Training Services Program at the University of Alaska.

Scheduled one day courses will begin mid-February through April in Kenai, Fairbanks, Wasilla, and Anchorage. You must register in advance. Courses are \$100 for certified installers and \$80 for homeowners. For days, locations, and more information, call 907-262-2788.

This message brought to you by the Alaska Department of Environmental Conservation.
