

FERNWOOD FOOD SAFETY

SERVSAFE®
CERTIFIED

•
INSTRUCTOR AND
PROCTOR

Put the highest standard in food protection training and certification to work for your business and customers.

The Servsafe® CFPM course offers more than just training. This 8 hour interactive course is designed to provide food service professionals with critical knowledge and skills pertaining to food safety and sanitation. Some of the topics covered in this practical training are:

- Preventing food borne illness through safe practices
- How to keep food safe through all stages of receiving, storing, preparing and serving
- Proper sanitation and personal hygiene
- How to effectively train employees to follow best practices

Fernwood Food Safety offers Certified Food Protection Manager training in Fairbanks, AK
