KEEP FROZEN/COOK THOROUGHLY
NET WT 12.5 OZ (354g)
How to Prepare Delicious Dumplings
For maximum safety and quality, follow these cooking directions:

Skillet Directions: (Chef-recommended)
1. Place frozen Dumplings in a 12-inch nonstick skillet.
2. Add 1 tbsp. water and 1 tablespoon vegetable oil.
3. COVER and cook on medium-high heat for 8 minutes, stirring occasionally.
4. UNCOVER and continue cooking, turning dumplings frequently, until golden brown, about 3 minutes.

Boiling Directions: (Traditional Method)
1. Bring 3-quarts water to a boil over high heat.
2. Add 2 tsp. salt, if desired.
3. Add frozen Dumplings to boiling water. Start timing and cook EXACTLY 6 MINUTES (do not overcook).
4. Drain and serve or, if desired, pan-fry until golden brown.

Microwave Directions: (Not Recommended)
Place 6 frozen Dumplings on microwave-safe plate. Add 1 tablespoon water and COVER with damp paper towel. Microwave at HIGH 2 to 2-1/2 minutes for High Power Microwave Ovens (1000 to 1300 watts) or 2-1/2 to 3-1/2 minutes for Low Power Microwave Ovens (700 to 900 watts) or until Dumplings are piping hot. Let stand 1 minute. Repeat with remaining Dumplings, if desired.

Microwave ovens vary; adjust times as needed. Plate may be HOT after microwaving. Do not microwave in bag.

Keep frozen until ready to use. Do not re-freeze. Refrigerate or discard leftovers.
