FACILITY _____

APPLICATION # PAEL _____

REPORTING YEAR _____

SUBMIT BY JANUARY 31 FOR THE PRECEDING CALENDER YEAR

I, _____, the designated Responsible Official of _____, certify that I have limited the quantity of fuel consumed in the equipment listed under Section A of my Pre approved Emission Limit Application as to not exceed the Preapproved Emission Limit during any consecutive 12 months. I have recorded the amount of fuel consumed in the equipment for each month and have calculated the total fuel consumed in the equipment during the preceding months. Enclosed is a copy of the calculations required for the preceding months. I have kept the original receipts for fuel purchases and records of calculations for this period. I will retain these records for at least five years and will make them available for department inspection upon request. “Based on information and belief formed after reasonable inquiry, I certify that the statements and information in and attached to this document are true, accurate, and complete.”

 Signature of Facility Responsible Official

 Date

**Please note that a “DIESEL ENGINE Rolling Total Calculation Spreadsheet” may use to report rolling fuel totals, and is available on PAEL website <http://dec.alaska.gov/air/air-permit/orl-pael-application/>*
