Instructions for Completing a Notice of Termination Form for a Hydrostatic and Aquifer Pump Testing General Permit

Who May File an NOT Form:

Permittees presently covered under the Alaska Pollutant Discharge Elimination System (APDES) General Permit for Hydrostatic or Aquifer Pump Testing Discharges authorized under the Hydrostatic and Aquifer Pump Testing GP may submit an NOT form when all hydrostatic or aquifer pump testing activities have ceased. Only those permittees who submitted an NOI to receive discharge authorization are required to submit an NOT.

Completion of the testing activities means all hydrostatic or groundwater pumping discharges related to aquifer pump testing have ceased and no discharges to the ground or a water body are occurring. The termination shall be filed within 30 days upon completion of all activity which produces an authorized discharge covered under the Hydrostatic and Aquifer Pump Testing GP. All BMP measures put in place to manage the discharge shall also be removed prior to submittal of the NOT.

Completing the Form
