**Former Communication Site**

**Conceputal Site Model for Potential Human and Ecological Exposures**

**Former Facilities and Activities:**
- Former Communications Facility
- Former Barracks
- Former Heating Oil Tank
- Oil Leak
- Former Transformer
- Trench Worker
- Former Oxbow

**Potential Receptors:**
- Surface Stain
- Former Fire Training Area
- Former Salvage Yard
- New Post Housing

**Sampling and Monitoring:**
- Subslab Soil Gas Sampling
- Monitoring Wells Installed and Sampled
- Soil Sampling in Open Areas
- Soil Gas Sampling in Open Areas
- Soil Pile
- Former Salvage Yard
- Dissolved Solvents, PAHs
- Residual Soil Contamination
- Buried Metal Debris
- Residual Groundwater Contamination
- Dissolved DRO
- Residual Soil Contamination
- Buried Metal Debris, MRI, POL, and Solvents

**Sampling Techniques:**
- Drainage Swale Soil/Sediment Sampling
- Garden Plot
- Garden Plot
- Soil Pile
- Garden Plot
- Garden Plot
- Garden Plot

**Soil Layers:**
- Historical Activity (grayed out)
- Groundwater
- Soil
- Fill
- Sandy Silt/Silty Sand
- Sand

**Sampled Areas:**
- Drainage Swale
- Subslab
- Monitoring Wells
- Garden Plot
- Soil Pile
- Former Salvage Yard
- New Post Housing
- Subslab
- Surface Stain
- Former Fire Training Area

**Key Points:**
- Removed incidental to investigation
- Buried Metal Debris removed incidental to investigation
- Dissolved DRO
- Historical Activity

**Note:**
- Diagram not to scale.
