

“Lower Kenai River Outreach & Monitoring”

Kenai Watershed Forum

FY 04 Grant Award: \$10,426

Project Match: \$6,975

Description and Purpose:

Assist ADEC, ADNR and the public in characterizing and better understanding the concern with fecal coliform in the Kenai River. A minimum of 25 samples completed in April, the balance of 30 samples will be collected using an iterative, learning based approach based on April sample results.

Deliverables Include:

- Fecal coliform sampling plan (FY04/05),
- Updated QAPP
- Monitoring Strategy for fecal coliform and hydrocarbon sampling
- Evaluated preliminary fecal coliform and hydrolab sampling data.
