Prepared By: LCDR Matthew Hobbie and LT James Nunez

Date: May 15, 2019

The purpose of establishing subcommittees is to enable the Arctic and Western Alaska (AWA) Area Committee (AC) to undertake a more diverse and significant set of work tasks than would otherwise be possible. Subcommittees, therefore, are tasked with taking on specific work on behalf of the Area Committee and reports directly to the AWA AC Steering Committee via the Area Committee Secretary or his/her designee. As such, subcommittees:

- Represent the entire AWA AC in the conduct of their work; and
- Are responsible to the Steering Committee in terms of defining the work to be conducted, informing the Area Secretary regarding progress and unanticipated challenges, and reporting back subcommittee findings in a helpful and timely fashion.

In addition to accomplishing the tasks defined for each subcommittee, subcommittee work will have the broader goal of enhancing the knowledge base of team members around the critical issue areas on which they are working.

A. Subcommittee Objectives

Primary Objective:
Conduct administrative reviews and complete on-site evaluations and updates of existing ACP geographic response strategies, or create them, as needed, to ensure maximum efficacy for field responders.

Sub-Objectives:
- Rank GRS for validation and determine relevance based on on-site geographic realities and established sensitive sites.
- Review industry plan GRSs against ACP GRSs to ensure consistency and reduce duplication of effort.
- Communicate with industry exercise planners to test ACP GRSs and if necessary, incorporate any updates.
- Coordinate with Exercise and Training, Regulator Coordination Advisory and ACP Administration Subcommittees, as required.

B. Subcommittee Membership

Area Committee: All participants in the Area Committee serve in an advisory role to the OSCs as representatives of their organizations. USCG policy differentiates between different levels of Area Committee participation.

- Members: Members must come from federal, state, local, tribal or territorial government agencies. The FOSC shall appoint members, in writing, to serve on the Area Committee for their COTP Zone.
- Members at large: Private sector and Non-governmental Organization (NGO) representatives cannot be members of the committee, but rather serve as members at large. The Federal Advisory Committee Act prohibits industry representatives from holding Area Committee membership; however, industry participation in Area Committee meetings is invaluable.

Subcommittee: The Geographic Response Strategies Subcommittee Chair and Vice Chair shall be appointed in writing by the AWA AC Steering Committee. The Geographic Response Strategies Subcommittee Chair must be a member of the Arctic and Western Alaska Area Committee. The Vice Chair may be selected from members or members-at-large from the Arctic and Western Alaska Area Committee. Chairs and Vice Chairs serve two year terms. The terms of office for all other members or members at large shall be no more than three years. These terms shall be staggered so that the subcommittee’s representation rotates appropriately while maintaining continuity. There are no term limits for any one individual.
### C. Subcommittee Meetings

#### Meeting Schedule and Process

The subcommittee will meet as required to accomplish established objectives within timelines set by AWA AC steering committee. Subcommittee meetings do not require a quorum. The Chair and Vice-Chair shall maintain awareness of the subcommittee’s progress and any issues regarding project advancement. Subcommittees should attempt to reach consensus on subcommittee activities. If consensus cannot be reached, the subcommittee chair will forward the issue with a recommendation, along with the other options for resolution of the issue, to the AWA AC Steering Committee via the Area Committee Secretary for final decision.

#### Meeting Agenda

Subcommittee’s establish their own agenda or follow the agenda outlined below:

- **A.** Introductory Items such as
  - a. Objectives review
- **B.** Review Project(s) Status
  - a. Timeline Update
- **C.** Conduct/initiate subcommittee activities
- **D.** Review progress and summarize new actions following current subcommittee meeting
- **E.** Plans, date and location for next meeting
D. Current Subcommittee Tasking and Deadlines

In addition to fulfilling the overall Subcommittee Objectives listed above, the Steering Committee directs the following:

1. Execute validation of prioritized GRS sites and provide an update to the AWA AC. **Deadline: October, 2019.**
2. Identify the number of GRS that can be visited during the summer of 2020. **Deadline: January, 2020.**
3. Update ACP GRS information from validation efforts in 2019. **Deadline: March, 2020.**
4. Codify GRS validation process and link procedures to AWA ACP Version 2020.0. **Deadline: March, 2021.**
