Proposed Project and Location

Activities: Fort Knox Mine is an open pit gold mine. Containment and disposal of mine tailings, ore on two heap leach pads, and other mine-related wastes are subject to regulation under a DEC Waste Management Permit.

Location: Fort Knox Mine is located 15 air miles northeast of Fairbanks, Alaska in the Fish Creek drainage with claims on state and private land.

Tentative Determination

The DEC has tentatively determined to issue a permit to the above listed applicant.

Public Comments

Written comments on the proposed permit must be submitted within 32 days of the first publication of this public notice or no later than March 16, 2020. Please direct written comments to the attention of Ashlee Adoko at the address or email identified above. All comments should include the name, address, and telephone number of the commenter and a concise statement of comment on the permit condition and the relevant facts upon which the comment is based. Comments of either support or concern which are directed at specific, cited permit requirements are appreciated. Comments must be postmarked on or before the expiration date of the public notice.

Any interested person may submit a written request for a public hearing. A request for a public hearing shall state the nature of the issues to be raised, as well as the requester's name, address and telephone number. DEC will hold a public hearing if it determines that good cause exists.

**DEADLINE FOR WRITTEN COMMENTS:
March 16, 2020 at 5:00 pm**
