

AWWMA
Clean, Safe Water for Alaska

Pressure Relief Valve (PRV) - Onsite Training

AWWMA is pleased to announce a 2-day PRV Workshop on **April 20-21, 2020** in the Fairbanks Area.

Location: North Pole Utilities, 2389 Homestead Drive, North Pole, Alaska 99705

Class size is limited to 10 students, the class is 16 hours total for 1.6CEUs

(Once the class is full, a wait list will be started. Once the wait list has 5-10 students signed up, we would be happy to hold a second workshop April 22-23, 2020. The second class location to be announced once minimum registration for the class has been confirmed.)

About the Pressure Regulating Valve (PRV)

This practical applications course can accommodate up to ten (10) participants and will cover how the PRV operates and its uses in the water industry, including:

- Characteristics to consider in selecting a PRV
- Common maintenance problems
- Hydraulic Grade Line (HGL)
- PRV cut-a-ways will be used as demonstration props
- Each student will hand build and harness a PRV

The cost for this course is \$825 per student (AWWA and/or WEF members receive a 10% member discount. Not a member? Visit www.awwa.org or www.wef.org to join)

Thank you for this opportunity to serve your operators' continuing education needs.

Please contact Leslie Petre at 907-385-8562 or lesliepetre907@gmail.com with any questions.
