Negative Certification

Certificate of Performance – Alaska Drinking Water Fund

The State Revolving Fund borrower submits this negative certification statement to the SRF Program 12 months after the Initiation of Operation.

SRF Loan Number:		Project Name:	
Borrower:		Initiation of Operation Date:	

1. As required under 18 AAC 76.250 of the Alaska Drinking Water Revolving Loan Fund Regulations and loan conditions, the borrower does hereby certify that it is unable to comply with 18 AAC 76.250 and that it has:

- a. Provided to the Alaska Department of Environmental Conservation written notification of the actual date of Initiation of Operation.
- b. Over the course of this project utilized the following engineering services for:

Design:	
Construction Inspection:	
Construction Administration:	
Project Performance:	

- c. For a period of 12 months following the Initiation of Operation, the prime engineer provided the following services, as applicable:
 - i. Directed project operation and maintenance;
 - ii. Trained operating personnel, prepared the required curricula and training materials, revised the operation and maintenance manual(s); and
 - iii. Advised the borrower on the status of the project meeting performance standards.

2. Having followed the above procedures, the borrower has concluded that the project **does not meet** the project performance standards. To correct this, the borrower will provide the following within two months of this Negative Certification:

- a. A corrective action report containing an analysis of the cause(s) for failure, and an estimation of the nature, scope and cost necessary to bring the project into compliance;
- b. A timely schedule for such remedial action; and,
- c. The scheduled completion date for Affirmative Certification of project performance to the Alaska Department of Environmental Conservation SRF Program and the Drinking Water Program Engineering Plan Review.
