Modification Public Notice Period: Start: April 17, 2020
End: May 18, 2020

Permit Number: AK0053741

Applicant: Usibelli Coal Mine, Inc.
Jumbo Dome Mine
12 miles northeast of Healy Alaska
PO Box 1000
Healy, AK 99743

Project and Location:

Jumbo Dome Mine is a surface coal mine located about 12 miles northeast of Healy, Alaska. Usibelli Coal Mine, Inc. operates the Jumbo Dome Mine. All the storm water and groundwater that contacts the active mine area is considered mine drainage. A blend of coal seam, seepage, and precipitation water is permitted to discharge into Marguerite Creek through three outfalls. Before discharge, wastewater is treated, involving primary and secondary settling, passive aeration, flow through a limestone bed, and a final settling pond. Based on erroneous information, the current permit contains inaccurate flow restrictions. This modification corrects flow restrictions contained in the permit.

Tentative Determination:

DEC has tentatively determined to modify a discharge permit to the above listed applicant.

Public Comments:

Written comments or requests for a public hearing on the APDES permit modification must be submitted within 32 days of the issuance of this public notice. Please direct written comments and requests to the attention of Tim Pilon at the address or email identified above. All comments should include the name, address, and telephone number of the commenter and a concise statement of comment on the modified permit condition(s) and the relevant facts upon which the

comment is based. Comments of either support or concern that are directed at specific, cited permit requirements are appreciated. Mailed comments and requests must be postmarked on or before the expiration date of the public notice.

DEC will consider all comments when making the final decision, and will respond to received comments in a Response to Comments document issued when DEC issues a final permit. The Response to Comments will be made available to the public.

Any interested person may submit a written request for a public hearing if no hearing has already been scheduled. A request for a public hearing shall state the nature of the issues to be raised, as well as the requester's name, address and telephone number. DEC will hold a public hearing whenever DEC finds, on the basis of requests, a significant degree of public interest in a draft permit. DEC may also hold a public hearing if a hearing might clarify one or more issues involved in a permit decision or for other good reason in DEC's discretion.

DEC will transmit the modified permit, statement of basis, and Response to Comments to anyone who provided comments during the public review period or requested to be notified of DEC final decision.

**DEADLINE FOR WRITTEN COMMENTS OR REQUEST FOR PUBLIC HEARING
May 18, 2020 at 5:00 p.m. ADT**
