

Calibration complies with ISO/IEC 17025, ANSI/NCSL Z540-1, and 9001

Cert. No.: 1331-10690

Traceable® Certificate of Calibration for Kaleidoscope Stopwatch

Manufactured for and distributed by : Fisher Scientific "300 Industry Drive,, Pittsburgh, PA, 15275-1001"

Instrument Identification:

Model: 14-649-51,11506893

S/N: 192460908

Manufacturer: Control Company

Standards/Equipment:

Description

Serial Number

Due Date

NIST Traceable Reference

Non-Contact Frequency Counter

26.662025

10 Apr 2020

1000439624

Certificate Information:

Technician: 422

Procedure: CAL-01

Cal Date: 06 Sep 2019

Cal Due Date: 06 Sep 2021

Test Conditions:

54.92%RH 23.07°C 1015mBar

Calibration Data: (New Instrument)

ominal	As Found	In Tol	Nominal	As Left	In Tol	Min	Max	411	7110

This certificate indicates Traceability to standards provided by (NIST) National Institute of Standards and Technology and/or a National

A Test Uncertainty Ratio of at least 4:1 is maintained unless otherwise stated and is calculated using the expanded measurement uncertainty. Uncertainty evaluation includes the instrument under test and is calculated in accordance with the ISO "Guide to the Expression of Uncertainty in Measurement: (GUM). The uncertainty represents an expanded uncertainty using a coverage factor k=2 to relate only to the item calibrated. This certificate shall not be reproduced except in full, without written approval of Control Company.

Nominal=Standard's Reading; As Left=Instrument's Reading; In Tot=In Toterance; Min/Max=Acceptance Range; ± U=Expanded Measurement Uncertainty; TUR=Test Uncertainty Ratio; Accuracy=±(Max-Min)/2; Min=As Left Nominal(Rounded) - Toterance; Max= As Left Nominal(Rounded) + Toterance;

Rich Rodriguez

Nicol Rodriguez, Quality Manager

Note:

Maintaining Accuracy:

In our opinion once calibrated your Kaleidoscope Stopwatch should maintain its accuracy. There is no exact way to determine how long calibration will be maintained. Kaleidoscope Stopwatch change little, if any at all, but can be affected by aging, temperature, shock, and contamination.

For factory calibration and re-certification traceable to National institute of Standards and Technology contact Control Company.
