Best Practices Score Marshall Fall 2020

Operator Certification Primary operator is certified to the level of the water system and the backup operator holds some level of certification in water treatment or distribution Primary operator is certified to the level of the water system and the backup operator holds no certification or there is no backup operator Utility has one or more operators certified at some level in water treatment or distribution Utility has no certified operators Utility has a written PM plan; PM is performed on schedule; records of completion are submitted on a quarterly basis and have been verified Utility has a written PM plan; performance of PM and record keeping are not consistent Utility had no Monitoring and Reporting violations during the past year Utility had up to five Monitoring and Reporting violation during the last year Utility hand more than five Monitoring and Reporting violation during the last year A person who holds a position of responsibility for management of the utility has completed a DCRA approved Utility Management course or other utility management training course within the last five years The utility owner's governing body meets routinely consistent with the local	10 7 5 3 0 25 15 0 10 5 0	15 0	System Classification: Water Treatment 1 Primary Operator: Garrett Evan Certification Level: Small Treated Backup Operator: Kenneth Fitka Certification Level: Operator holds no current certification Garrett Evan holds certification but not at the correct level. Kenneth Fitka holds no certification. The operator is performing important maintenance on a regular basis and keeping records. Each month, the operator is submitting maintenance records to the assigned RMW. The utility had 7 Drinking Water Monitoring and Reporting violations in 2019. Cheryl Peteroff attended Quickbooks training on 2/22/2019.	Garrett Evan has the required CEUs to renew his certificate in 2021. Garrett Evan and Kenneth Fitka need to take and pass the WT 1 exam. Please see enclosed flyer with more information about certification. To receive the full points in this category, the operator must have a Preventative Maintenance plan that they follow and the completed plan must be submitted to your assigned RMW each quarter. The Drinking Water Program provides you with an Annual Monitoring Summary with all of the required samples for your water system. All samples and reports must be collected and submitted in a timely manner. To maintain the full points in this category, consider sending someone to one of the free RUBA trainings each year.
