PUBLIC NOTICE

SOLICITATION FOR WATER QUALITY DATA & INFORMATION for ALASKA'S 2022 INTEGRATED REPORT

The Alaska Department of Environmental Conservation (DEC) is requesting existing and readily available water quality information on the health of Alaska's waters for the development of Alaska's draft and final 2022 Integrated Water Quality Monitoring and Assessment Report (Integrated Report). This biennial report describes to Alaskans the health of Alaska's waters (as required under Sections 303(d) and 305(b) of the federal Clean Water Act) and includes the list of impaired (polluted) waters. In order to be considered, all new data and information must be submitted to DEC no later than 5 PM **Dec 15, 2020**.

For more information about Alaska's Integrated Report and its associated documents please visit our [Integrated Report webpage](#). The Integrated Report and its assessments are transmitted to the U.S. Environmental Protection Agency (EPA).

Please forward all water quality information, data, and comments to:
