Notice of Application for State Water Quality Certification

Public Notice (PN) Date: March 25, 2021
PN Expiration Date: April 9, 2021

PN Reference Number: POA-2013-00264
Waterway: Moose Creek

Any applicant for a federal license or permit to conduct an activity that might result in a discharge into navigable waters, in accordance with Section 401 of the Clean Water Act (CWA) of 1977 (PL95-217), also must apply for and obtain certification from the Alaska Department of Environmental Conservation that the discharge will comply with the CWA, the Alaska Water Quality Standards, and other applicable State laws.

Notice is hereby given that a request for a CWA §401 Water Quality Certification of a Department of the Army Permit application, Corps of Engineers' Reference Number POA-2013-00264, Moose Creek, has been received for the discharge of dredged and/or fill materials into waters of the United States (WOUS), including wetlands, as described below and shown on the enclosed project figures/drawings. The public notice and related project figures/drawings are also accessible from the DEC website at <http://dec.alaska.gov/water/wastewater/>.

Any person desiring to comment on the project with respect to water quality, may submit comments electronically via the DEC public notice site (**preferred method**) at <https://water.alaskadec.commentinput.com/?id=JH3rQ>

Alternatively, you may direct written comments or requests for public hearing via email or mail to the address listed above by the Public Notice expiration date. All comments submitted via mail or email should include the PN reference number listed above in the subject heading. Mailed comments must be postmarked on or before the expiration date of the public notice.

Applicant: Glenn Storage, LLC, PO 749, Glennallen, Alaska 99588, Boyd Ables, Manager, (907) 259-4256, boydables@gmail.com

Project Name: Ables Subdivision

Location: The proposed activity is located within Section 21, T. 4 N., R. 2 W.; Latitude 62.1078° N., Longitude -145.5959° W.; in Glennallen, Alaska.

Purpose: The applicant's stated purpose is to allow for additional parking space and future construction of new buildings such as storage sheds, parking spaces, warehouse, and an additional home.

Project Description: This applicant is proposing to modify an existing permit issued in 2018. The original permit authorized the discharge of 10,500 cubic yards of fill material into 2.3 acres of wetlands to develop the property including installing culverts, access roads, and gravel pads. The applicant presently requests authorization to discharge up to 4,740 cubic yards of new gravel fill into 0.997 acre of wetlands to expand the existing business's fill pad. An existing driveway would be removed, and the previously permitted driveway would be widened by 10 feet.

After reviewing the application, the Department may certify there is reasonable assurance the activity, and any discharge that might result, will comply with the CWA, the Alaska Water Quality Standards, and other applicable State laws. The Department also may deny or waive certification.

The permit application and associated documents are available for review. For inquiries or to request copies of the documents, contact dec-401cert@alaska.gov, or call 907-269-6285.

Disability Reasonable Accommodation Notice

The State of Alaska, Department of Environmental Conservation complies with Title II of the Americans with Disabilities Act (ADA) of 1990. If you are a person with a disability who may need special accommodation in order to participate in this public process, please contact ADA Coordinator Brian Blessington at 907-269-6272 or TDD Relay Service 1-800-770-8973/TTY or dial 711 within 5 days of the expiration date of this public notice to ensure that any necessary accommodations can be provided.
