### **RE: FY22 Shutdown at the Environmental Health Laboratory - Rescinded**

To our valued clients and stakeholders:

On Tuesday, June 22, 2021, you were notified of a pending shutdown of the Environmental Health Laboratory (EHL) and Laboratory Certification Program (LCP).

This afternoon the House approved the effective date for the budget, and Department of Administration has rescinded our layoff letters.

This means that the EHL and LCP will resume all normal activities and availabilities effective immediately.

That said, please be aware of the Independence Day holiday observed Monday, July 5<sup>th</sup>, and the special receiving schedule that week. The holiday schedule can be found here:
