Notice of Application for State Water Quality Certification

Public Notice (PN) Date: July 14, 2022
PN Expiration Date: July 29, 2022
PN Reference Number: POA-2008-01401
Waterway: Campbell Creek

Any applicant for a federal license or permit to conduct an activity that might result in a discharge into navigable waters, in accordance with Section 401 of the Clean Water Act (CWA) of 1977 (PL95-217), also must apply for and obtain certification from the Alaska Department of Environmental Conservation that the discharge will comply with the CWA, the Alaska Water Quality Standards, and other applicable State laws.

Notice is hereby given that a request for a CWA §401 Water Quality Certification of a Department of the Army Permit application, Corps of Engineers’ PN Reference Number indicated above has been received for the discharge of dredged and/or fill materials into waters of the United States (WOUS), including wetlands, as described below, and shown on the project figures/drawings. The public notice and related project figures/drawings are accessible from the DEC website at http://dec.alaska.gov/water/wastewater/.

To comment on the project or request for a public hearing with respect to water quality, submit comments electronically via the DEC public notice site at https://water.alaskadec.commentinput.com/?id=a3VeC on or before the public notice expiration date listed above.

Applicant: Adam Trombley, Municipality of Anchorage (MOA), 4700 Elmore Road, 2nd Floor, Anchorage, Alaska 99507. Email: adam.trombley@anchorageak.gov; Telephone: (907) 343-7536

Agent: Josh Grabel, DOWL, 5015 Business Park Blvd., Suite 400, Anchorage, Alaska 99503. Email: jgrabel@dowl.com.

Project Name: Municipality of Anchorage (MOA) Navigation Center

Location: The project site is located within Section 34, T. 13 N., R. 3 W., Seward Meridian; USGS Quad Anchorage A-8; Latitude 61.1791º N., Longitude 149.8034º W.; Parcel ID 00809116000, Campbell Park, in Anchorage, Alaska.

Purpose: The applicant’s stated purpose is to construct a MOA Navigation Center facility to provide services for the homeless single adult population in Anchorage, including access to resources such as permanent housing, job training, drug rehabilitation, mental healthcare, and healthcare.

Project Description: The municipality is proposing to discharge 4,562 cubic yards of clean granular fill material in 1.10 acres of palustrine wetlands to construct an outdoor recreation area and parking space. The proposed work is associated to the development of the MOA Navigation Center, which would also include the construction of a homeless shelter building to provide sleeping facilities to up to 200 people, including sleeping areas, food prep/storage, bathrooms, laundry, office spaces to support services (job training, drug rehabilitation, healthcare, fire lanes, snow storage, parking, etc. The outdoor recreation area would include facilities such as benches, picnic tables, trail, a pavilion, etc.
After reviewing the application, the Department may certify there is reasonable assurance the activity, and any discharge that might result, will comply with the CWA, the Alaska Water Quality Standards, and other applicable State laws. The Department also may deny or waive certification.

The permit application and associated documents are available for review. For inquiries or to request copies of the documents, contact dec-401cert@alaska.gov, or call 907-269-6285.

Disability Reasonable Accommodation Notice

The State of Alaska, Department of Environmental Conservation complies with Title II of the Americans with Disabilities Act (ADA) of 1990. If you are a person with a disability who may need special accommodation in order to participate in this public process, please contact ADA Coordinator Jason Burnett at 907-269-3056 or TDD Relay Service 1-800-770-8973/TTY or dial 711 within 5 days of the expiration date of this public notice to ensure that any necessary accommodations can be provided.
