

APPENDIX E
Table of Estimated Funding Sources
SFY25-27 ACWA Grant Request for Proposals

Funding Source	RFP Project Period March 1, 2025 – February 28, 2027			Purpose/Eligible Tasks	Eligible Recipients	Constraints
	Amount Available per SFY No Match Requirement					
DEC - Clean Water Act Section 319 Nonpoint Source Pollution	SFY25 \$108,057	SFY26 \$308,057	SFY27 \$205,371	ACWA Actions as identified in RFP either waterbody specific or statewide as described	State agencies, local and tribal governments, non-governmental organizations ¹ , for-profits, Universities, Conservation Districts	Must comply with federal requirements. Project must address identified ACWA waterbody specific actions or identified high priority stewardship actions. Cannot be used to comply with permit requirements
DEC – Beaches Environmental Assessment and Coastal Health Act (BEACH)	SFY25 \$63,051	SFY26 \$110,000	SFY27 \$73,333	BEACH monitoring of DEC-identified Tier 1 beaches – see DEC web site for list of beaches	State agencies, local and tribal governments, non-governmental organizations ² , for-profits, Universities, Conservation Districts	Must comply with federal requirements. Project must evaluate DEC-identified marine beaches to determine if bacteria levels may be impacting recreational uses
DEC – Clean Water Act Section 221 Sewer Overflow & Stormwater Reuse Municipal Grant (OSG)	SFY25 \$270,000	SFY26 \$194,880	SFY27 \$129,920	Design and install green infrastructure to manage, reduce, treat, and recapture stormwater	Municipalities/Municipal governments ³	Must comply with federal requirements. Priority given to underserved communities ⁴ or Alaska Native Villages

¹ Non-profit organizations exempt from taxation under section 501(c)(4) of the Internal Revenue Code that engage in lobbying activities are ineligible to receive subawards under the Clean Water Act or Beach Act.

² Non-profit organizations exempt from taxation under section 501(c)(4) of the Internal Revenue Code that engage in lobbying activities are ineligible to receive subawards under the Clean Water Act or Beach Act.

³ “The term “municipality” means a city, town, borough, county, parish, district, association, or other public body created by or pursuant to State law and having jurisdiction over disposal of sewage, industrial wastes, or other wastes, or an Indian tribe or an authorized Indian tribal organization...” U.S. Code Title 33 Section § 1362 (4).

⁴ The Intended Use Plan for the Alaska Clean Water Fund includes a description of the current criteria used to identify underserved (disadvantaged) communities. The Clean Water Act requires the inclusion of income, unemployment and population trend in these criteria. A community is considered disadvantaged if it meets one or more of the following criteria: • Median Household Income (MHI) is less than the state average MHI that is currently published by the Alaska Department of Labor and Workforce Development, Research and Analysis. • Rate of unemployment is above the state average unemployment rate that is currently published by the Alaska Department of Labor and Workforce Development, Research and Analysis. • The five-year population trend for the community is outside the range defined by the state five-year population trend, plus or minus 5%. Data is provided from the Alaska Department of Labor and Workforce Development, Research and Analysis Section. • The activity to be carried out in an economically distressed area as described in section 301 of the Public Works and Economic Development Act of 1965 (42 U.S. Code 3161).
