

## ANTHC Wastewater Lagoons Virtual Training – December 2 - 6, 2024

This class is meant for utility operators that work at sewage lagoons. From December 2-6, 2024, the class will meet Monday-Friday, from approximately 10 am-12:00 pm to 1:00 pm (agenda attached).

At the conclusion of the course, operators can take their State of Alaska, Wastewater Lagoon Certification Exam in their home communities. Our staff will work with ADEC to find a local proctor and ensure that exams arrive in the community prior to the testing date. We suggest taking the exam as soon as possible after the conclusion of the course.. Operators can obtain CEUs with ADEC for their participation in the class.

To take part in the course, operators will need:

- Time allotted in their work schedule to attend the training and prepare for the exam.
- Use of a computer and a calculator.
- An active email address to receive documents for the course and links to Zoom class room.
- Consistent internet access and the ability to watch/listen over Zoom.
  - Our staff will provide an orientation to Zoom at the beginning of the course.
- A mailing address to send the class workbook to prior to the class.

Please fill out the information below and return to [bjberube@anthc.org](mailto:bjberube@anthc.org) before **November 1<sup>st</sup>, 2024** to secure a spot in the class.

Name: \_\_\_\_\_ Current Position: \_\_\_\_\_
