

Table 1. Contaminant Source Inventory Checklist

Category	Contaminant Source ID	Contaminant Source Type
Agricultural Sources	A1	Agricultural chemical storage areas or containers
Agricultural Sources	A2	Cropland
Agricultural Sources	A3	Farm machinery areas
Agricultural Sources	A4	Feed stores
Agricultural Sources	A5	Livestock burial sites
Agricultural Sources	A6	Livestock feedlots
Agricultural Sources	A7	Livestock manure spreading areas, storage pits, piles
Agricultural Sources	A8	Livestock pastures
Agricultural Sources	A9	Livestock stables/corrals
Agricultural Sources	A10	Orchards or nurseries
Residential Sources	R1	Residential Areas
Residential Sources	R2	Septic systems (serves one single-family home and/or less than 20 people; for a multi-family residence or septic systems serving more than 20 people see Waste Disposal - Wastewater & Storm Water - Injection wells (Class V))
Residential Sources	R3	<i>CS ID no longer in use - formerly large-capacity septic system (see R2)</i>
Residential Sources	R4	Cesspools, single residence
Residential Sources	R5	Outhouses
Residential Sources	R6	Tanks, fuel, residential (underground)
Residential Sources	R7	Tanks, fuel, residential (above ground)
Residential Sources	R8	Tanks, heating oil, residential (above ground)
Residential Sources	R9	Tanks, heating oil, residential (underground)
Commercial Sources	C1	Aircraft maintenance shops
Commercial Sources	C2	Agricultural chemical sales/storage
Commercial Sources	C3	Appliance repair shops
Commercial Sources	C4	Boat engine/body repair shops
Commercial Sources	C5	Body shops (automotive)
Commercial Sources	C6	Bowling centers
Commercial Sources	C7	Car washes without engine or undercarriage cleaning
Commercial Sources	C8	Car washes with engine or undercarriage cleaning
Commercial Sources	C9	Construction trade areas and materials
Commercial Sources	C10	Dry cleaners
Commercial Sources	C11	Fireworks sales and distribution
Commercial Sources	C12	Florists
Commercial Sources	C13	Funeral services and crematories
Commercial Sources	C14	Furniture manufacturing, repair, and finishing shops
Commercial Sources	C15	Gasoline stations (without repair shop)
Commercial Sources	C16	Gasoline stations (with repair shop)
Commercial Sources	C17	Hardware stores

Table 1. Contaminant Source Inventory Checklist

Category	Contaminant Source ID	Contaminant Source Type
Commercial Sources	C18	Heavy equipment rental/storage
Commercial Sources	C19	Jewelers
Commercial Sources	C20	Laboratories (chemical, soils, and research)
Commercial Sources	C21	Laboratories (medical)
Commercial Sources	C22	Laundromats without dry cleaning
Commercial Sources	C23	Lawn and garden supplies/services
Commercial Sources	C24	Leather processing
Commercial Sources	C25	Lubrication shops
Commercial Sources	C26	Motor vehicle dealerships - cars, trucks, motor cycles, ATV's, snow machines, boats (without service department)
Commercial Sources	C27	Motor vehicle dealerships - cars, trucks, motor cycles, ATV's, snow machines, boats (with service department)
Commercial Sources	C28	Motor/motor vehicle supplies stores
Commercial Sources	C29	Motor vehicle rental facilities - cars, trucks, ATV's, snow machines (without service department)
Commercial Sources	C30	Motor vehicle rental facilities - cars, trucks, ATV's, snow machines (with service department)
Commercial Sources	C31	Motor /motor vehicle repair shops
Commercial Sources		
Commercial Sources	C32	Paint sales /service
Commercial Sources	C33	Pest extermination services/pesticide sales
Commercial Sources	C34	Pet groomers
Commercial Sources	C35	Pharmacies (with on-site wastewater disposal)
Commercial Sources	C36	Photography supplies/photo processing laboratories
Commercial Sources	C37	Printers, publishers, copiers
Commercial Sources	C38	Race tracks (automotive)
Commercial Sources	C39	Septic tank cleaning and servicing
Commercial Sources	C40	Shooting ranges (outdoor, commercial or community)
Commercial Sources	C41	Taxidermists
Commercial Sources	C42	Truck stops/terminals
Commercial Sources	C43	Welding shops
Commercial Sources	C44	Windshield/glass shops
Natural Background Contamination, Areas of	B1	Beaver/muskrat/otter habitat
Natural Background Contamination, Areas of	B2	Bird rookeries
Natural Background Contamination, Areas of	B3	Glacial flour (rivers/streams)

Table 1. Contaminant Source Inventory Checklist

Category	Contaminant Source ID	Contaminant Source Type
Natural Background Contamination, Areas of	B4	Inundation (break-up or other seasonal events)
Natural Background Contamination, Areas of	B5	Lake 'turnover'
Natural Background Contamination, Areas of	B6	Landslides or other hillside areas subject to significant erosion
Natural Background Contamination, Areas of	B7	Metals, elevated
Natural Background Contamination, Areas of	B8	Nitrates/nitrites (origin soils/vegetation)
Natural Background Contamination, Areas of	B9	River/stream bank erosion
Natural Background Contamination, Areas of	B10	Salmon spawning streams
Natural Background Contamination, Areas of	B11	Wildlife habitat, densely populated (other than birds, salmon, beavers, etc.)
Natural Products Processing/Storage	N1	Canning and preservation of fruits and vegetables
Natural Products Processing/Storage	N2	Dairy products processing
Natural Products Processing/Storage	N3	Grain processing/storage
Natural Products Processing/Storage	N4	Lumber processing and preservation
Natural Products Processing/Storage	N5	Meat processing
Natural Products Processing/Storage	N6	Metals refining
Natural Products Processing/Storage	N7	Particle board processing
Natural Products Processing/Storage	N8	Pulp and paper processing
Natural Products Processing/Storage	N9	Poultry and eggs processing
Natural Products Processing/Storage	N10	Seafood processing
Natural Resource Extraction Activities	E1	Coal mining (active or inactive?)
Natural Resource Extraction Activities	E2	Logging (active or inactive?)
Natural Resource Extraction Activities	E3	Metals mining, open pit (active or inactive?)
Natural Resource Extraction Activities	E4	Metals mining, placer (active or inactive?)
Natural Resource Extraction Activities	E5	Metals mining, underground (active or inactive?)
Natural Resource Extraction Activities	E6	Metals mining, solution (active or inactive?)
Natural Resource Extraction Activities	E7	Mine tailings (active piles or ponds)
Natural Resource Extraction Activities	E8	Natural gas production
Natural Resource Extraction Activities	E9	Petroleum production/recovery operations
Natural Resource Extraction Activities	E10	Quarries (sand, gravel, rock, other?)
Natural Resource Extraction Activities	E11	Synthetic fuels production operations (coal gasification, oil shale)
Natural Resource Extraction Activities	E12	Uranium mining (active or inactive?)
Industrial Activities	I1	Adhesives manufacturing
Industrial Activities	I2	Asbestos manufacturing
Industrial Activities	I3	Asphalt and tar processing/storage
Industrial Activities	I4	Aluminum forming
Industrial Activities	I5	Automotive/aircraft/industrial machinery manufacturing
Industrial Activities	I6	Battery manufacturing/recycling

Table 1. Contaminant Source Inventory Checklist

Category	Contaminant Source ID	Contaminant Source Type
Industrial Activities	I7	Beverage industry
Industrial Activities	I8	Cement manufacturing
Industrial Activities	I9	Coil coating
Industrial Activities	I10	Cosmetics manufacturing
Industrial Activities	I11	Copper forming
Industrial Activities	I12	Dye or ink manufacturing
Industrial Activities	I13	Electrical, electronic, computer, and communications equipment/component manufacturing
Industrial Activities	I14	Electroplating
Industrial Activities	I15	Explosives and ammunitions manufacturing
Industrial Activities	I16	Ferroalloy (smelt and slag processing)
Industrial Activities	I17	Fertilizer manufacturing
Industrial Activities	I18	Fiberglass insulation manufacturing
Industrial Activities	I19	Glass (flat) manufacturing
Industrial Activities	I20	Inorganic chemical manufacturing
Industrial Activities	I21	Iron and steel manufacturing
Industrial Activities	I22	Jewelry manufacturing
Industrial Activities	I23	Machine and metal work shops
Industrial Activities	I24	Metal casting (type of metals?)
Industrial Activities	I25	Metal fabrication
Industrial Activities	I26	Metal finishing
Industrial Activities	I27	Metal foundries (type of metals?)
Industrial Activities	I28	Metal refining
Industrial Activities	I29	Organic chemicals manufacturing
Industrial Activities	I30	Paint or pigment manufacturing
Industrial Activities	I31	Pesticides manufacturing
Industrial Activities	I32	Petroleum refining
Industrial Activities	I33	Pharmaceutical manufacturing
Industrial Activities	I34	Phosphate manufacturing
Industrial Activities	I35	Photographic equipment manufacturing
Industrial Activities	I36	Plastics and synthetic fibers manufacturing
Industrial Activities	I37	Porcelain enameling
Industrial Activities	I38	Rubber fabrication or manufacturing
Industrial Activities	I39	Sign manufacturing
Industrial Activities	I40	Smelting, copper
Industrial Activities	I41	Smelting, other nonferrous
Industrial Activities	I42	Soap and detergent manufacturing
Industrial Activities	I43	Stone and clay processing/manufacturing
Industrial Activities	I44	Tanneries
Industrial Activities	I45	Textile manufacturing
Industrial Activities	I46	Wood veneer manufacturing
Military Activities	M1	Chemical/biological agents
Military Activities	M2	Nerve agents
Military Activities	M3	Ordinances (military stock piles or shooting ranges, detonated or undetonated?)
Military Activities	M4	White phosphorous or magnesium
Miscellaneous - Green Areas	X1	Cemeteries

Table 1. Contaminant Source Inventory Checklist

Category	Contaminant Source ID	Contaminant Source Type
Miscellaneous - Green Areas	X2	Golf courses
Miscellaneous - Green Areas	X3	Landscaping around commercial, industrial, or government buildings
Miscellaneous - Green Areas	X4	Municipal or city parks (with green areas)
Miscellaneous – Commercial/Industrial Activities	X5	Asbestos, disposed or stockpiled
Miscellaneous – Commercial/Industrial Activities	X6	Fire burn pits
Miscellaneous – Commercial/Industrial Activities	X7	Glycol (disposal or storage)
Miscellaneous – Commercial/Industrial Activities	X8	Lead-based paints (disposal or storage)
Miscellaneous – Commercial/Industrial Activities	X9	Nuclear reactors
Miscellaneous – Commercial/Industrial Activities	X10	PCB's (transformers)
Miscellaneous – Commercial/Industrial Activities	X11	Petroleum product bulk station/terminals
Miscellaneous – Commercial/Industrial Activities	X12	Radioactive materials
Miscellaneous – Commercial/Industrial Activities	X13	Solvents (storage)
Miscellaneous – Transportation Facilities/Structures	X14	Airports
Miscellaneous – Transportation Facilities/Structures	X15	Boat yards and marinas
Miscellaneous – Transportation Facilities/Structures	X16	Bus maintenance facilities
Miscellaneous – Transportation Facilities/Structures	X17	Floatplane dock/refueling area
Miscellaneous – Transportation Facilities/Structures	X18	Fuel barges (operating in area)
Miscellaneous – Transportation Facilities/Structures	X19	Government vehicle maintenance facilities
Miscellaneous – Transportation Facilities/Structures		
Miscellaneous – Transportation Facilities/Structures	X20	Highways and roads, paved (cement or asphalt)
Miscellaneous – Transportation Facilities/Structures	X21	Highways and roads, paved (cement or asphalt) (Herbicide application)
Miscellaneous – Transportation Facilities/Structures	X22	Highways and roads, paved with Arctic asphalt
Miscellaneous – Transportation Facilities/Structures	X23	Highways and roads, paved with Arctic asphalt (Herbicide application)
Miscellaneous – Transportation Facilities/Structures	X24	Highways and roads, dirt/gravel
Miscellaneous – Transportation Facilities/Structures	X25	Highways and roads, dirt/gravel (Herbicide application)

Table 1. Contaminant Source Inventory Checklist

Category	Contaminant Source ID	Contaminant Source Type
Miscellaneous – Transportation Facilities/Structures	X26	Highways and roads (winter)
Miscellaneous – Transportation Facilities/Structures	X27	Motor vehicle/general storage yards/facilities/parking lots
Miscellaneous – Transportation Facilities/Structures	X28	Pipelines (oil and gas)
Miscellaneous – Transportation Facilities/Structures	X29	Pipelines (other industrial)
Miscellaneous – Transportation Facilities/Structures	X30	Rail corridors
Miscellaneous – Transportation Facilities/Structures	X31	Railroad yards
Miscellaneous – Transportation Facilities/Structures	X32	Road/highway maintenance depots (including salt/sand storage areas)
Miscellaneous – Transportation Facilities/Structures	X33	RV and dogsled trails
Miscellaneous – Transportation Facilities/Structures	X34	Taxi service/maintenance facilities
Miscellaneous – Transportation Facilities/Structures	X35	Campgrounds and RV Parks
Miscellaneous – Transportation Facilities/Structures	X36	Electric power generation (fossil fuels)
Miscellaneous – Transportation Facilities/Structures	X37	Electric substation
Miscellaneous – Transportation Facilities/Structures	X38	Firehouses
Miscellaneous – Transportation Facilities/Structures	X39	Fire training facilities
Miscellaneous – Transportation Facilities/Structures	X40	Medical/veterinary facilities (doctor or dentist offices, hospitals, nursing homes)
Miscellaneous – Transportation Facilities/Structures	X41	Nuclear power generation
Miscellaneous – Transportation Facilities/Structures	X42	Public utility easements/corridors
Miscellaneous – Transportation Facilities/Structures	X43	Pipeline pump stations (oil and gas)
Miscellaneous – Transportation Facilities/Structures	X44	Swimming pools (public)
Miscellaneous – Transportation Facilities/Structures	X45	Vocational training facilities
Miscellaneous – Transportation Facilities/Structures	X46	Dog walking areas/foot trails
Miscellaneous – Transportation Facilities/Structures	X47	Fish hatcheries
Miscellaneous – Transportation Facilities/Structures	X48	Forested land (pesticide application)

Table 1. Contaminant Source Inventory Checklist

Category	Contaminant Source ID	Contaminant Source Type
Miscellaneous – Transportation Facilities/Structures	X49	Kennels
Miscellaneous – Transportation Facilities/Structures	X50	Saltwater intrusion
Miscellaneous – Transportation Facilities/Structures	X51	Seasonal fishing/hunting camps
Miscellaneous – Transportation Facilities/Structures	X52	Zoos and game farms
Miscellaneous – Transportation Facilities/Structures	X53	Explosives storage
Miscellaneous – Transportation Facilities/Structures	X54	ADEC Permitted/Exempted Pesticide Use
Wells and Boreholes	W1	Abandoned wells
Wells and Boreholes	W2	Cathodic protection wells
Wells and Boreholes	W3	Dewatering and 'make-up' water wells
Wells and Boreholes	W4	Mineral, oil, and gas exploration boreholes
Wells and Boreholes	W5	Mineral extraction wells
Wells and Boreholes	W6	Monitoring wells
Wells and Boreholes	W7	Oil and gas extraction wells
Wells and Boreholes	W8	Soil borings
Wells and Boreholes	W9	Water supply wells
Petroleum Storage Tanks	T1	Fuel drums (above ground)
Petroleum Storage Tanks	T2	Tanks, aviation fuel (above ground)
Petroleum Storage Tanks	T3	Closed tanks, aviation fuel (above ground)
Petroleum Storage Tanks	T4	Tanks, aviation fuel (underground)
Petroleum Storage Tanks	T5	Closed tanks, aviation fuel (underground)
Petroleum Storage Tanks	T6	Tanks, diesel (above ground)
Petroleum Storage Tanks	T7	Closed tanks, diesel (above ground)
Petroleum Storage Tanks	T8	Tanks, diesel (underground)
Petroleum Storage Tanks	T9	Closed tanks, diesel (underground)
Petroleum Storage Tanks	T10	Tanks, gasoline (above ground)
Petroleum Storage Tanks		
Petroleum Storage Tanks	T11	Closed tanks, gasoline (above ground)
Petroleum Storage Tanks	T12	Tanks, gasoline (underground)
Petroleum Storage Tanks	T13	Closed tanks, gasoline (underground)
Petroleum Storage Tanks	T14	Tanks, heating oil, nonresidential (aboveground)
Petroleum Storage Tanks	T15	Closed tanks, heating oil, nonresidential (aboveground)
Petroleum Storage Tanks	T16	Tanks, heating oil, nonresidential (underground)
Petroleum Storage Tanks	T17	Closed tanks, heating oil, nonresidential (underground)
Petroleum Storage Tanks	T18	Tanks, lubricants or other petroleum products (aboveground)
Petroleum Storage Tanks	T19	Closed tanks, lubricants or other petroleum products (aboveground)
Petroleum Storage Tanks	T20	Tanks, lubricants or other petroleum products (underground)

Table 1. Contaminant Source Inventory Checklist

Category	Contaminant Source ID	Contaminant Source Type
Petroleum Storage Tanks	T21	Closed tanks, lubricants or other petroleum products (underground)
Petroleum Storage Tanks	T22	Wastewater holding tank
Petroleum Storage Tanks	T23	Closed wastewater holding tank
Petroleum Storage Tanks	T24	Tanks, (other)
Waste Disposal – Wastewater and Storm Water	D1	Domestic wastewater collection systems (sewer lines or lift stations)
Waste Disposal – Wastewater and Storm Water	D2	Domestic wastewater treatment plant disposal ponds/lagoons
Waste Disposal – Wastewater and Storm Water	D3	Domestic wastewater treatment plant effluent discharge
Waste Disposal – Wastewater and Storm Water	D4	Domestic wastewater sludge land application areas
Waste Disposal – Wastewater and Storm Water	D5	Domestic wastewater treatment plants
Waste Disposal – Wastewater and Storm Water	D6	Domestic water treatment - filter backwash water lagoons/ponds
Waste Disposal – Wastewater and Storm Water	D7	Honey bucket disposal areas (community)
Waste Disposal – Wastewater and Storm Water	D8	Injection wells (Class V) Cesspools, large capacity
Waste Disposal – Wastewater and Storm Water	D9	Injection wells (Class V) Domestic Wastewater Treatment Plant Effluent Disposal Wells
Waste Disposal – Wastewater and Storm Water	D10	Injection wells (Class V) Septic System (Drainfield Disposal Method)
Waste Disposal – Wastewater and Storm Water	D11	Injection wells (Class V) Septic Systems (Undifferentiated Disposal Method)
Waste Disposal – Wastewater and Storm Water	D12	Injection wells (Class V) Septic Systems (Well Disposal Method)
Waste Disposal – Wastewater and Storm Water	D13	Injection wells (Class V) Storm Water Drainage Wells
Waste Disposal – Wastewater and Storm Water	D14	Injection wells (Class V) Untreated Sewage Waste Disposal Wells
Waste Disposal – Wastewater and Storm Water	D15	Wastewater irrigation and artificial recharge land application areas (for treatment plant effluents)
Waste Disposal – Wastewater and Storm Water	D16	Pit toilets (open hole), nonresidential (one or more)
Waste Disposal – Wastewater and Storm Water	D17	Pit toilets (vaulted) nonresidential (one or more)
Waste Disposal – Wastewater and Storm Water	D18	RV dump stations
Waste Disposal – Wastewater and Storm Water	D19	Storm water basins and overflows
Waste Disposal - Controlled Sites	D20	Demolition sites
Waste Disposal - Controlled Sites	D21	Incinerators (municipal wastes)
Waste Disposal - Controlled Sites	D22	Incinerators (medical wastes)

Table 1. Contaminant Source Inventory Checklist

Category	Contaminant Source ID	Contaminant Source Type
Waste Disposal - Controlled Sites	D23	Incinerators (hazardous wastes)
Waste Disposal - Controlled Sites	D24	Injection wells (Class I: industrial and municipal wastes)
Waste Disposal - Controlled Sites	D25	Injection wells (Class II: fluids associated with oil and gas production)
Waste Disposal - Controlled Sites	D26	Injection wells (Class III: fluids associated with mineral mining)
Waste Disposal - Controlled Sites	D27	Injection wells (Class IV: hazardous or radioactive wastes)
Waste Disposal - Controlled Sites	D28	Injection wells (Class V) Abandoned Drinking Water Wells
Waste Disposal - Controlled Sites	D29	Injection wells (Class V) Agricultural Drainage Wells
Waste Disposal - Controlled Sites	D30	Injection wells (Class V) Aquifer Recharge Wells
Waste Disposal - Controlled Sites	D31	Injection wells (Class V) Aquifer Remediation Related Wells
Waste Disposal - Controlled Sites	D32	Injection wells (Class V) Car Wash Wells
Waste Disposal - Controlled Sites	D33	Injection wells (Class V) Cooling Water Return Flow Wells
Waste Disposal - Controlled Sites	D34	Injection wells (Class V) Direct Heat Reinjection Wells
Waste Disposal - Controlled Sites	D35	Injection wells (Class V) Electric Power Reinjection Wells
Waste Disposal - Controlled Sites	D36	Injection wells (Class V) Groundwater Aquaculture Return Flow Wells
Waste Disposal - Controlled Sites	D37	Injection wells (Class V) Heat Pump/Air Conditioning Return flow Wells
Waste Disposal - Controlled Sites	D38	Injection wells (Class V) Improved Sinkholes
Waste Disposal - Controlled Sites	D39	Injection wells (Class V) Industrial Drainage Wells
Waste Disposal - Controlled Sites		
Waste Disposal - Controlled Sites	D40	Injection wells (Class V) Industrial Process Water & Water Disposal Wells
Waste Disposal - Controlled Sites	D41	Injection wells (Class V) In-situ Fossil Fuel Recovery Wells
Waste Disposal - Controlled Sites	D42	Injection wells (Class V) Motor Vehicle Waste Disposal Well
Waste Disposal - Controlled Sites	D43	Injection wells (Class V) Mining, Sand, or Other Backfill Wells
Waste Disposal - Controlled Sites	D44	Injection wells (Class V) Saline Water Intrusion Barrier Wells
Waste Disposal - Controlled Sites	D45	Injection wells (Class V) Solution Mining Wells
Waste Disposal - Controlled Sites	D46	Injection wells (Class V) Special Drainage Wells
Waste Disposal - Controlled Sites	D47	Injection wells (Class V) Spent-Brine Return Flow Wells

Table 1. Contaminant Source Inventory Checklist

Category	Contaminant Source ID	Contaminant Source Type
Waste Disposal - Controlled Sites	D48	Injection wells (Class V) Subsidence Control Wells
Waste Disposal - Controlled Sites	D49	Landfills (municipal; Class I)
Waste Disposal - Controlled Sites	D50	Landfills (municipal; Class II)
Waste Disposal - Controlled Sites	D51	Landfills (municipal; Class III)
Waste Disposal - Controlled Sites	D52	Landfills (industrial; type of industrial waste?)
Waste Disposal - Controlled Sites	D53	Material transport (industrial, hazardous, radioactive)
Waste Disposal - Controlled Sites	D54	RCRA Hazardous Waste Generators (RCRA #?)
Waste Disposal - Controlled Sites	D55	RCRA Hazardous Waste TSD Facilities (RCRA #?)
Waste Disposal - Controlled Sites	D56	Radioactive waste storage sites
Waste Disposal - Controlled Sites	D57	Recycling and waste reduction facilities
Waste Disposal - Controlled Sites	D58	Reserve pits (petroleum production/recovery operations)
Waste Disposal - Controlled Sites	D59	Scrap, salvage, or junk yards
Waste Disposal - Controlled Sites	D60	Snow disposal areas
Waste Disposal - Controlled Sites	D61	Solid Waste Transfer Facility
Waste Disposal - Controlled Sites	D62	Storage piles, waste impoundment, and transfer areas
Uncontrolled Sites	U1	Abandoned mine spoils or mine tailings piles/ponds
Uncontrolled Sites	U2	Accidental spill sites (not designated a Superfund or 'contaminated site')
Uncontrolled Sites	U3	Compost disposal sites
Uncontrolled Sites	U4	Contaminated sites, ADEC recognized non-Superfund, non-RCRA
Uncontrolled Sites	U5	Contaminated sites, DEC recognized, RCRA
Uncontrolled Sites	U6	Contaminated sites, Superfund (CERCLA) (inactive or abandoned hazardous wastes)
Uncontrolled Sites	U7	Open Leaking Underground Fuel Storage Tank (LUST) Sites
Uncontrolled Sites	U8	Closed Leaking Underground Fuel Storage Tank (LUST) Sites
Uncontrolled Sites	U9	Open dumps
