

DEC BROWNFIELDS: 2024-2025 REQUEST FOR COMMUNITY-WIDE BROWNFIELDS INVENTORY

Brownfields are abandoned, unused, or underused properties whose reuse is complicated by actual or the potential of environmental contamination.

A “brownfield” can be anything from a dilapidated commercial building to a former dry cleaner to an abandoned gas station. Brownfields are in every Alaskan city and borough and are a problem for both urban and rural communities. The DEC Brownfields Program can develop a brownfields inventory for your area based on local stakeholder feedback, interviews, desktop research, and a site visit. The resulting inventory can be used by the community to support decision-making, planning, and project prioritization.

Submission Requirements:

Requests will be awarded based on the information provided below and as resources allow. A completed application must be received no later than **5 p.m. AST on Friday November 15, 2024**. Applications should be submitted to:

DEC Brownfields Team
dec.brownfields@alaska.gov

Subject Line: Community-Wide Brownfields Inventory [Community Name]

If you have any questions or are unable to submit an application electronically, please contact dec.brownfields@alaska.gov.

Applicant Information:

Applicant Name:

Applicant Organization:

Email:

Community Information:

Community Name:

Estimated population:

Estimated number of potential brownfields to inventory (to the best of your ability):

Types of contaminated or potentially contaminated properties you are aware of that would be included in a brownfields inventory? (mark all that apply)

- Tank farm(s)
- Landfill(s) (permitted or un-permitted)
- Dump site(s) (including abandoned vehicle storage area)
- Gas Station(s)
- Dry Cleaner(s)
- Properties with aboveground or underground storage tanks
- Buildings containing hazardous building materials (asbestos, lead-based paint)
- Vacant Lots
- Other:

If known, list three potential “brownfields” that you believe require additional research, environmental assessment, or cleanup in order to be reused by the community.

- 1.)
- 2.)
- 3.)

List any potential partners (names/organizations/emails if known) that could support inventory development if awarded. For example, assistance with providing community/site history, making connections with others, etc.

- 1.)
- 2.)
- 3.)

Describe your plans for next steps if a brownfields inventory is completed in your community?

After reviewing your request, may DEC contact you should it have additional questions?

- Yes No
