Dear concerned citizen,

Attached is a fact sheet just released by the Alaska Department of Health and Social Services, called "**Community Health Concerns about Sulfolane.**" We hope this of help to you. You can also find it on our website at www.dec.state.ak.us/spar/csp/sites/north-pole-refinery/. See the link to it at the top of that page.

You are receiving this email by way of a new email list. I am also sending it to you using the old list to make sure your address made it over to the new one. Sorry for the duplication.

If you have questions about DEC's work on this issue, please write or call me or those listed.

Sincerely,

Marti Early
