Mark Janes opened the meeting and reviewed the survey activities from the trip in May.

The survey team was able to travel to Akhoik, Old Harbor and City of Kodiak. They were unable to reach sites in the Beaver Inlet due to weather, but were able to take input from local mariners for these areas.

The Kodiak Subareas Tactics Committees reviewed and amended the GRS sites designed by the Survey Group. They review available data and designed the remaining sites that were not surveyed due to weather or logistical difficulties.
