Dear Utility,

We are amending our FY14 Alaska Clean Water Fund (ACWF) and Alaska Drinking Water Fund (ADWF) Intended Use Plans (IUP) for adding on additional projects. These new projects are only for projects in need of funding within the next six months. If you have a project that does not need funding within the next six months, we ask that you wait for our FY15 IUP project solicitation which begins in January of 2014. The solicitation period will start on October 28th and end on November 8th, 2013. After scoring and ranking new projects and a doing 10 day public notice, we expect to have the final amended IUP's completed by around mid-December, which at that time applications can be taken for newly listed projects.
