

Efforts to “Green” the Antidegradation Conference.

Our efforts to green this conference were constrained to an extent by our budget. We have done these things. We welcome any suggestions.

1. The hotel has a towel, linen reuse program
2. Lights and air conditioning are turned off when rooms are not occupied
3. Newspapers are delivered only if requested at check in
4. The hotel uses reusable tablecloths, napkins, utensils, glassware and dinnerware
5. The hotel has paperless check out
6. Water stations are reusable and we provide glasses in place of paper or plastic cups
7. The conference is located across the street from public transportation
8. We posted agenda items online when possible to reduce paper use. The speakers' presentations are posted online.
9. We held the conference in downtown Anchorage which is centrally located to most attendees.
